

Happy Employees make Happy Customers

Magus is cutting edge software, consulting and training firm whose focus is on providing positive, tangible solutions for our customers. We believe that any company's most unique and important asset is its people. People are responsible for driving successful business outcomes. We believe that only by hiring the best people and giving them an opportunity to excel will we be able to accomplish our goal of providing quality service to our customers.

Due to our rapid growth, we have openings for entry and mid-level executives having good technology, domain and consulting skills, and are willingness to work in India and Abroad.

Please email us your profile on hr@magusworldwide.com. Upon receipt of your resume, we will assess your qualifications in order to determine a match between your background and our anticipated needs. A Magus Representative will contact you directly within five (5) business days of receipt of your documentation
